

ORIENTEERING TEAM

Coach:
LTC(R) Bellows
SGM(R) Herrera

Team Captain:
TBD

Orienteering is a competitive form of land navigation. It provides the cadets the opportunity to test their physical stamina and terrain association in the wooded area in Northern Arizona and the desert landscape here in the Valley. Cadets compete against other JROTC throughout Arizona.

The competition for orienteering is based on the number of points a two-person team finds in two hours. Orienteering can be compared to a scavenger hunt that requires your ability to use a compass, map and terrain association to find points.
